March 2016

Year Two-Success

Well done to our Year Two choir and staff who participated in the Norfolk Music Festival. They received some lovely praise and were awarded Highly Commended!

Our Year Two classes visited Norwich Castle Museum as part of their Mantle of the Expert work to explore medieval artefacts. Staff at the castle were impressed by the quality of their questioning and their knowledge.

Governors in School Day:

Our Governing Body spent Thursday 17th March with us. They monitored how Mantle of the Expert and Continuous Provision in Reception help children develop positive skills and attitudes to learning. They spent time in classrooms talking with children and staff about their learning. A more detailed account will be coming your way from our Governors.

Brain Tumour Trust

Thank you to everyone who participated in this-we raised £436. Thanks to our PTA who cashed this and did all the penny counting!

Some staff changes:

Congratulations to Mrs Charley Smith who is expecting a baby at the end of September. She hopes to continue working until the end of this academic year before starting her maternity leave.

Congratulation to Becky Hunt, manager of Sunflower Club and Magpie's teaching assistant, on the birth of her baby son.

Ms Karen Marshall has also taken the hard decision to take early retirement at the end of this academic year. She will be sadly missed by many past and present pupils and staff.

MacMillan Fund Raising:

As our chosen charity for this year we will be starting to raise funds after Easter. Each class will be deciding how they wish to do this and so look out for more information from your class newsletters.

Crazy Marathon-Running Man- **Mr Luke Wheeler** is setting the pace with an event on Thursday 24th March after school (see overleaf) and then his big event-The London Marathon!
