Would you like some extra support and advice on a 1:1 basis?

The City Children's Centre can provide a family support worker to visit you at home or offer you appointments at the Children's Centre.

A family support worker can help with a range of issues related to children and their families - play, development, relationships, parenting and feelings.

You can ask for outreach work by contacting Claire Skilleter on 01603 729808 or just pop in to the Children's Centre for a chat. You can also ask a professional, like a Health Visitor, to contact the Centre on your behalf.
